

## SCAN OPERATIONS Request for Pilot Scans

Principal Investigator: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Email address: \_\_\_\_\_

### A. Project Information -

Project Title: \_\_\_\_\_

HRRC Number: \_\_\_\_\_

Date of approval: \_\_\_\_\_

\*Provide copy of HRRC approval letter and consent form- electronically if possible- with this submission.

### B. Requested Services – Provide number of scans requested for each service and machine

	1.5T MRI	1.5T Mobile	3T MRI	MEG	EEG
Length of each scan (hours)					
Number of scans					
Total hours					

Will a MR technician be required? YES  NO

Will contrast be used? YES  NO  If YES, how will this be funded? \_\_\_\_\_

Time Frame for scan services - Date scans will begin: \_\_\_\_\_

Date scans will end: \_\_\_\_\_

### C. Study Information (include additional pages if necessary)-

Reason requesting pilot scans: \_\_\_\_\_

To gather pilot data for grant applications

To do technical development for a study

To supplement an underfunded study

Other  : \_\_\_\_\_

If for grant application, provide grant information (agency, amount of funding request, date of submission)

Have you requested and received pilot research scans from MIND before? YES  NO

If so, was subsequent funding from other sources obtained for the study? YES  NO

Provide general information on results achieved from the previous pilot scan studies. (attach additional information as necessary)

Attach a proposal (no longer than 3 pages) that includes the following headings:

1. Specific Aim (objective of the study or specific research question)
2. Co-Investigators
3. Methods/Data Analysis (Discuss how and by whom the data will be collected and analyzed.)
4. Sample Size Justification (Explain rationale for number of studies requested)

Principal Investigator signature: \_\_\_\_\_

Date: \_\_\_\_\_

Submit the signed form and all requested attachments, electronically if possible, to <mailto:scanadmin@mrn.org>. The submission will be forwarded for review to the MRN Research Review Committee. See the Research Review Policy for further information on pilot scan approvals.
